

World's Largest Social Casino Games Company Selects INAP for Colocation and Performance IP™ Services at Santa Clara Data Center

May 30, 2018

INAP selected for presenting growth opportunities strategically aligned with this company's global expansion plans

INAP contracted to provide colocation services and Performance IP to help support the customers 20 million monthly users worldwide

RESTON, Va., May 30, 2018 (GLOBE NEWSWIRE) -- Internap Corporation (NASDAQ:INAP), a leading provider of high-performance data center services including colocation, cloud, and network services, today announced a multi-year deal between INAP and the global leader in casino style games, for colocation and Performance IP services at INAP's Santa Clara data center.

This global leader chose to partner with INAP due to INAP's proven ability to provide solutions to the gaming industry. INAP was able to provide the customer ample room for expansion in a critical location for future needs, as well as the ability to ensure excellent gameplay experiences for all of their online games. Performance IP provides reliable, high-speed IP service for stable, consistent connectivity by combining multiple carrier backbones and real-time route optimization.

"INAP is pleased to welcome this industry leader into our Santa Clara data center," said Corey Needles, INAP USA's SVP and General Manager. "They required a partner who could provide low latency and redundancy in order to ensure the best user experience for their global customers. Our patented IP technology will meet those needs."

About INAP
