SHAREHOLDER PROPOSALS

The deadline for submitting a shareholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2001 annual meeting of shareholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is November 21, 2000.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Amended and Restated Articles of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. Vacancies on the Board may be filled by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board of Directors is presently composed of seven members. There are two directors in the class ("Class I") whose terms of office expire in 2000. There is one nominee for election to Class I at the Annual Meeting. The other Class I position will be vacant following the Annual Meeting. The single nominee for election to Class I is currently a director of the Company who was previously elected by the shareholders. If elected at the Annual Meeting, this nominee would serve until the 2003 annual meeting and until his or her successor is elected and has qualified, or until such director's earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, FOR the election of the nominee named below. Should this nominee be unavailable for election as a result of an unexpected occurrence, these shares will be voted for the election of a substitute nominee proposed by management. The person nominated for election to Class I has agreed to serve if elected, and management has no reason to believe he will be unable to serve.

Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its shareholders.

STOCK OPTION GRANTS AND EXERCISES IN LAST FISCAL YEAR

The following table sets forth information regarding options granted to the Named Executive Officers during the fiscal year ended December 31, 1999:

INDIVIDUAL GRANTS	POTENTIAL REALIZABLE VALUE AT ASSUMED ANNUAL RATES OF STOCK APPRECIATION FOR OPTION TERM (\$)
-----	-----

NAME	UNDERLYING OPTIONS GRANTED (#)	GRANTED TO EMPLOYEES IN FISCAL YEAR (%)	EXERCISE PRICE PER SHARE (\$)	EXPIRATION DATE	5%	10%
Anthony C. Naughtin.....	600,000	5.65%	\$2.00	6/18/09	\$754,674	\$1,912,491
Paul E. McBride.....	400,000	3.76	2.00	6/18/09	503,116	1,274,994
Christopher D. Wheeler.....	400,000	3.76	2.00	6/18/09	503,116	1,274,994
Charles M. Ortega.....	110,000	1.03	2.00	6/18/09	138,357	350,623
Richard Perez.....	40,000	*	2.00	6/18/09	50,312	127,499

The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the SEC. There can be no assurance provided to any executive officer or any other holder of our securities that the actual stock price appreciation over the option term will be at the assumed 5% and 10% levels or at any other defined level.

Twenty-five percent of these options vest on the first anniversary of the date of hire and the remainder vest in equal installments each month over the three-year period following the first anniversary of the date of hire. Options were granted at an exercise price equal to the fair market value of our Common Stock, as determined by the Board of Directors on the date of grant.

AGGREGATED OPTION EXERCISES IN THE LAST FISCAL YEAR
AND FISCAL YEAR-END OPTION VALUES

The following table sets forth information as of December 31, 1999 regarding options held by the Named Executive Officers. There were no stock appreciation rights outstanding at December 31, 1999:

NAME	SHARES ACQUIRED ON EXERCISE (#)	VALUE REALIZED (#)	NUMBER OF SECURITIES UNDERLYING UNEXERCISED OPTIONS AT FISCAL YEAR-END		VALUE OF UNEXERCISED IN-THE-MONEY OPTIONS AT FISCAL YEAR-END (%)	
			EXERCISABLE	UNEXERCISABLE	EXERCISABLE	UNEXERCISABLE
Anthony C. Naughtin.....	--	--	--	600,000	--	\$50,700,000
Paul E. McBride.....	--	--	--	400,000	--	33,800,000

Richard Perez.....	--	--	91,667	248,333	7,922,320	21,385,179

In the table above, the value of the unexercised in-the-money options is based on the fair market value of our Common Stock, based upon the last reported sales price of our Common Stock on December 31, 1999 of \$86.50, minus the per share exercise price multiplied by the number of shares.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") consists of Robert J. Lunday, Jr. (until April 26, 2000), Kevin L. Ober and Robert D. Shurtleff, Jr., each of whom is a nonemployee director of the Company. The Committee is responsible for establishing and administering compensation policies and programs for executive officers of the Company. This report reflects the Company's compensation philosophy as endorsed by the Committee.

The Company's executive compensation program has been designed to: (i) ensure that compensation provided to executive officers is closely aligned with the Company's business objectives and financial performance; (ii) enable the Company to attract and retain those officers who contribute to the Company's long-term success; and (iii) maximize shareholder value.

Executive compensation generally consists of three components: base salary; annual cash bonus; and long-term incentive awards. The Committee establishes each executive's compensation package by considering: (i) the salaries of executive officers in similar positions in companies in the same industry as the

Company and in related industries; (ii) the experience and contribution levels of the individual executive officer; and (iii) the Company's financial performance. The Committee also relies on the recommendations of the Chief Executive Officer in matters related to the individual performance of the other executive officers, because the Committee believes that the Chief Executive Officer is the most qualified to make this assessment.

EXECUTIVE OFFICER COMPENSATION

The Chief Executive Officer annually recommends executive officer compensation programs to the Committee that are intended to compensate executives competitively within the high-technology marketplace. The Committee determines executive base salaries on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and data on prevailing compensation levels in relevant markets for executive talent. In connection with the Committee's judgment as to prevailing compensation levels, certain companies included in the Goldman/Sachs Internet Index included in Performance Measurement Comparison below are also in surveys reviewed by the Committee in determining salary levels for the Chief Executive Officer. The Committee annually reviews base salaries for its executives.

The Committee awards annual cash bonuses for executive officers (other than those who receive commissions) on an annual basis. These awards are intended to provide a direct link between management compensation and the achievement of corporate and individual objectives. The level of bonus is based as a percentage of the executive's base salary for the year. At the beginning of each year, the Company sets certain corporate objectives (including financial performance goals), and each individual manager sets his or her own personal objectives to support the achievement of the corporate objectives. At the end of the year, performance is assessed and the level of bonus payable, if any, is determined. Achievement of corporate objectives is given more weight than achievement of individual objectives for purposes of determining the annual bonus.

The Committee also grants stock options to executive officers to provide long-term incentives that are aligned with the creation of increased shareholder value over time. Options typically are granted at fair market value at the date of grant, have a ten year term and generally vest 25% on the first anniversary of vesting commencement date and in equal 36 monthly installments thereafter. Most stock option grants to executive officers occur in conjunction with the executive officer's acceptance of employment with the Company. The Committee, however, reviews stock option levels for all executive officers at the beginning of each fiscal year in light of long-term strategic and performance objectives and each executive's current and anticipated contributions to the Company's future performance and is able to adjust these levels. When determining the number of stock options to be awarded to an executive officer, the Committee

11

considers the executive's current contribution to the Company's performance, the executive officer's anticipated contribution in meeting the Company's long-term strategic performance goals and comparisons to formal and informal surveys of executive stock option grants made by other Internet infrastructure companies. In 1999, the Committee granted options to purchase an aggregate of 1,510,000 shares to executive officers at an exercise price equal to fair market value on the date of grant.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

The Committee reviews Mr. Naughtin's compensation annually using the same criteria and policies as are employed for other executive officers. Mr. Naughtin's compensation was initially determined in part by the terms of an employment agreement entered into upon his acceptance of employment with the Company. The Committee, however, is able to increase Mr. Naughtin's compensation to levels above those provided in the employment agreement. Mr. Naughtin's total annual cash bonus for 1999 represented approximately 34% of his base salary for fiscal 1999, or \$58,500, in recognition of his significant contributions in leading the Company to successful completion of its initial public offering and implementation of its business plan during the prior fiscal year.

Compensation payments in excess of \$1 million to the Chief Executive Officer or the other five most highly compensated executive officers are subject to a limitation on deductibility for the Company under Section 162(m) of the Internal Revenue Code of 1986, as amended. Certain performance-based compensation is not subject to the limitation on deductibility. The Committee does not expect cash compensation in 2000 to its Chief Executive Officer or any other executive

officer to be in excess of \$1 million. The Company intends to maintain qualification of its 1998 Stock Option/Stock Issuance Plan and 1999 Equity Incentive Plan for the performance-based exception to the \$1 million limitation on deductibility of compensation payments.

The Committee believes its executive compensation philosophy serves the interests of InterNAP and InterNAP's shareholders.

COMPENSATION COMMITTEE MEMBERS

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers serves as a member of the Board of Directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or compensation committee.

CHANGE OF CONTROL ARRANGEMENTS IN EQUITY INCENTIVE PLANS

Under our 1998 Stock Option/Stock Issuance Plan, if specific corporate transactions occur, including the sale of substantially all of our assets or a merger with or into another corporation, the plan administrator may, in its sole discretion:

- accelerate the vesting of outstanding options under the 1998 Plan;
- arrange for outstanding options to be assumed or substituted for similar options by a successor corporation;
- arrange for outstanding options to be replaced by a comparable cash incentive program of the successor corporation; or
- take no action with respect to outstanding options, in which case the options will terminate upon the completion of the corporate transaction.

12

Under our Amended 1999 Equity Incentive Plan, if a change in control occurs, including the sale of substantially all of our assets or a merger with or into another corporation, any outstanding options held by persons then performing services for us as an employee, director or consultant may:

- either be assumed or continued;
- an equivalent award may be substituted by the surviving entity; or
- if the options are not assumed, continued or substituted, the options will become fully exercisable, including shares as to which they would not otherwise be exercisable, and restricted stock will become fully vested.

Options also become fully exercisable upon the occurrence of a securities acquisition representing 50% or more of the combined voting power of our securities, or if a participant's service is terminated by a surviving corporation for any reason other than "for cause" within 13 months following a change in control.

PERFORMANCE MEASUREMENT COMPARISON

The graph set forth below compares cumulative total return to holders of the Company's Common Stock with the cumulative total return of the Nasdaq US Stock Market and the Goldman/Sachs Internet Index, resulting from an initial assumed investment of \$100 in each and assuming the reinvestment of any dividends, for the period beginning September 29, 1999, the first day of trading of the Common Stock, and ending December 31, 1999, the end of the Company's last fiscal year. InterNAP management cautions that the stock price performance shown in the graph below should not be considered indicative of potential future stock performance.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Big Sandy Telecommunications, Inc., a company owned by Robert J. Lunday, Jr., and Anthony C. Naughtin and Paul E. McBride executed a lease guarantee in 1996 covering one of the Company's office leases. Big Sandy was the primary guarantor, and Messrs. Naughtin and McBride were secondary guarantors as corporate officers of InterNAP. The secondary guarantees terminated in 1999, and the primary guarantee terminated in 2000.

Pursuant to a shareholder agreement, dated October 1, 1997, among InterNAP, Robert J. Lunday, Jr., and some of our founders, including Anthony C. Naughtin, Paul E. McBride and Christopher D. Wheeler, Mr. Lunday granted to each founder an option to purchase, under conditions set out in the shareholder agreement, his or her pro rata share (as that term is defined in the shareholder agreement) of 10,000,000 of the 13,333,334 shares of Series A preferred stock, or Common Stock upon conversion, owned by Mr. Lunday at the date of the shareholder agreement at a price of \$0.63 per share. In January 2000, Mr. Lunday sold an aggregate of 1,051,276 shares of Common Stock to two founders pursuant to the shareholders agreement. This option remains outstanding with respect to 8,948,724 shares. Mr. Lunday, one of our directors, is father-in-law of Mr. McBride, our Chief Financial Officer and Vice President of Finance and Administration.

On January 11, 1999, Lunday Communications, Inc. loaned \$500,000 to us, represented by a promissory note that bore interest at the rate of prime plus 2% and had a maturity date of February 15, 1999. We repaid the outstanding principal and accrued interest on the loan in February 1999 from the proceeds of our Series C financing. The Series C preferred stock converted into shares of Common Stock on a one-for-one basis upon the closing of our initial public offering.

On January 13, 1999, Robert D. Shurtleff, Jr., one of our directors, loaned \$600,000 to us, represented by a promissory note that bore interest at the rate of prime plus 2% and had a maturity date of February 15, 1999. We repaid the outstanding principal and accrued interest on the loan in February 1999 from the proceeds of our Series C financing. The Series C preferred stock converted into shares of Common Stock on a one-for-one basis upon the closing of our initial public offering.

On January 28, 1999 and February 26, 1999, we sold an aggregate of 59,259,260 shares of Series C preferred stock to 44 investors, including Robert D. Shurtleff, Jr., one of our directors, and H&Q InterNAP Investors, L.P., Morgan Stanley Dean Witter Venture Partners, Oak Investment Partners VIII, L.P., TI Ventures, LP and Vulcan Ventures Incorporated, five of our principal shareholders, at an aggregate purchase price of \$32,000,000, or \$0.54 per share. The Series C preferred stock converted into shares of Common Stock on a one-for-one basis upon the closing of our initial public offering.

We have entered into employment letter agreements with several of our key employees, including Anthony C. Naughtin, Paul E. McBride, Charles M. Ortega and Christopher D. Wheeler. Each letter agreement sets forth the officer's

compensation level. Under each letter agreement the officer serves at-will and employment may be terminated by us or by the officer at any time, with or without cause and with or without notice. Each employment agreement contains a noncompetition covenant one year in duration.

We have entered into indemnification agreements with our directors and executive officers for the indemnification of and advancement of expenses to such persons to the fullest extent permitted by law. We also intend to enter into these agreements with our future directors and executive officers.

On September 7, 1999, we entered into a letter agreement with Richard K. Cotton under which 100,000 shares of Common Stock underlying his option grant fully vest and he will receive severance pay equal to six months of his compensation, including employee benefits, in the event of his termination for reasons other than his voluntary resignation, death or for cause.

15

On September 23, 1999, we signed a standby loan facility agreement with seven shareholders, which matured upon the closing of our initial public offering. This facility allowed us to draw up to \$10 million prior to the earlier of maturity or December 31, 1999, but we did not draw any amounts on this facility prior to maturity. In connection with this facility, we issued warrants to purchase 200,000 shares of Common Stock with exercise prices of \$10.00 per share. The estimated fair value ascribed to the warrants was \$536,000 based upon the Black Scholes option pricing model, and we recorded this amount as interest expense for the year ended December 31, 1999.

On October 4, 1999, we sold an aggregate of 2,150,537 shares of Common Stock in a private placement to Inktomi Corp, at an aggregate purchase price of \$20,000,000, or \$9.30 per share, resulting in proceeds of \$19.0 million, net of a private placement fee of \$1.0 million. We also issued to Inktomi a warrant to purchase 1,075,268 additional shares of our Common Stock at an exercise price of \$13.95 per share. The warrant has a two year term and includes demand and piggyback registration rights. The agreement also prohibits Inktomi from acquiring additional shares of our stock for a period of two years. On November 24, 1999, Inktomi exercised its warrant in part through a cashless exercise, and received 397,250 shares of our Common Stock.

Pursuant to a letter agreement dated March 10, 2000 among Morgan Stanley Venture Investors III, L.P., Morgan Stanley Venture Partners III, L.P., The Morgan Stanley Venture Partners Entrepreneur Fund, L.P., collectively the Morgan Stanley Venture Partners, and InterNAP, the Morgan Stanley Venture Partners have irrevocably agreed to vote all shares of Common Stock they beneficially own in excess of 9.9% of outstanding Common Stock in proportion to votes cast by all other shareholders, as determined by the Company and excluding all shares of Common Stock beneficially owned by the Morgan Stanley Venture Partners.

We believe that the foregoing transactions were in our best interest and were made on terms no less favorable to us than could have been obtained from unaffiliated third parties. All future transactions between us and any of our officers, directors or principal shareholders will be approved by a majority of the independent and disinterested members of our Board of Directors, will be on terms no less favorable to us than could be obtained from unaffiliated third parties and will be in connection with our bona fide business purposes.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "1934 Act") requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 1999, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.
